Budget

Commissioner Porta reported that after incumbrances and estimated regular expenses there is approximately \$10,000 available in the budget.

Chairman Green asked new member Marion Dobbins to introduce herself. Commissioner Dobbins did so and provided some personal background.

Publications

Commissioner Dodge noted he's looking for volunteers to join the Publications Committee. Additionally, he distributed the following provided by Jim Burgess:

1. Approved Markers Awaiting Delivery/Installation:

Note: It is not known at this time if any of the below markers have actually been ordered.

Hoadly – Approved August 2020, Accepted by Board of County Supervisors April 2023 (funded by the late Bill Olson)

Prelude to First Manassas (Orchard Bridge/Blackburns Ford) – Approved August 2022 (Proffered)

Woodbridge School (Riverside Station) – Text approved January 2023 (Proffered)

2. Prince William Resolves Marker:

As reported in September, the "Prince William Resolves" marker has been delivered. An unveiling and dedication are now scheduled for June 6, in time for its 250th anniversary.

3. Replacement Marker Ready for Installation:

As reported in November, the "Early Land Patents" and "Events Along Neabsco Creek" replacement markers were received from Sewah Studios. Rob Orrison will determine a new site for the "Early Land Patents" marker as the old site is currently being developed. The "Events Along Neabsco Creek" marker has now been reinstalled near its previous location along U.S. Route 1.

4. Andrew Leitch Marker (Action Item):

The marker at Andrew Leitch Park fell victim to a fallen tree branch during a windstorm last year. The pole is salvageable, but a new marker must be fabricated. Since the county's insurance policy does not cover acts of

God, the commission will need to fund a replacement which will cost \$3,075 according to the quote recently received by Toni from Sewah Studios (installation costs being separate). If funds are available in this year's budget to cover this cost, this marker should receive priority funding and a motion to fund this marker can be made at this meeting. There is a 6-month backlog at Sewah Studios, but it should be possible to get the marker back up in time for the 250th in 2026.

5. Brown's Tavern Site Marker:

Rob Orrison reported in December that VDOT had removed the Brown's Tavern marker on Brentsville Road due to construction work on the new interchange with Dumfries Road. We need to coordinate with VDOT to have the marker returned as close as possible to the original site once construction work has been completed.

6. Washington-Reid School Marker:

The Washington-Reid Elementary School on Dumfries Road (Route 234) which dates to 1950 is a stop on the county's African American History Trail and it has been suggested as a site for a new historical marker. At the January meeting the commission agreed this is a worthy project and draft text based on information from Lucy Phinney's book, *Yesterday's Schools*, is appended for commission review. Funding can be discussed once text is approved.

7. Historical Marker Guide Update:

Copies of the 6th edition (2017) Marker Guide are still available, but the supply is getting low. The website version was updated to include the 2017 marker additions but still follows the 5th edition (2013) themed format which can be awkward to navigate. The marker guide needs to be amended with 12 new markers and 4 revised markers. Several others are in the works (see above). Another website update will require the support of the county mapping department and website manager.

RES2014-018

Agree to accept the language included in this resolution, which is as presented at the March 12, 2024, meeting of the Historical Commission, and allocate funds not to exceed \$4000 for fabrication and installation of the Washington-Reid Elementary School historical marker - APPROVED - MOTION CARRIED [VOTING RECORD: Motion Porta, Kastens; Ayes-by acclamation; Nays-None; Absent from vote None; Absent from meeting Brace, Porter]

Nominating The Committee reported as follows:

Commissioner De Pue: Historical Commission who were known to have been reappointed were polled with the following results:

One candidate for Chairman – Yolanda Green;

Two candidates for Vice-Chairman – John De Pue and Eric Brown.

The Committee recommended, and the Commission agreed, that nominations would remain open until the Commission’s April meeting.

WASHINGTON-REID ELEMENTARY SCHOOL

The Washington-Reid Elementary School was built in 1950 to replace the overcrowded and aging Cabin Branch School that served the black children of Dumfries. It was named for two black women who were active in the Dumfries community and had previously owned the land on which the school was situated. Before her death in 1941, Mrs. Marian Washington had funded a lunch program for the poor black children attending the Summit School in Occoquan. Mrs. Marjorie Reid owned 18 acres adjoining Mrs. Washington's property. In 1975, after Prince William County schools were integrated, Ruby Strickland, the first black woman principal in the county, was appointed to head the school. As the area school population grew in the 1980s, the Washington-Reid School became the annex for the newer Pattie Elementary School across Dumfries Road.
