

Juvenile & Domestic Relations Court

Mission Statement

The mission of the 31st Judicial District Juvenile & Domestic Relations District Court is to ensure that all disputes are resolved justly, promptly, and efficiently. The Court is truly the “court of the people,” in that the Court’s main province is to resolve disputes in keeping with the greatest traditions of the Commonwealth of Virginia: liberty, justice, and service.

The components necessary to discharge the Court’s function require a system which is unified in its structure and administration, competent in its approach, and has at its foundation honest judges and Court personnel, implementing uniform rules of practice and procedure.

Staff History by Program

Juvenile & Domestic Relations Court

Future Outlook

Staff and Court Office Space Challenges – Juvenile & Domestic Relations Court (JDRC) has numerous challenges with trying to address staffing and managing the Court’s space limitations. In FY21 there were funds provided to reorganize a portion of the Court’s space. As the County addresses the long-term solution with the Judicial Center Complex Master Plan Update, the need for short-term space project funding is needed. Without a short-term project JDRC cannot provide a decent workspace as JDRC brings on needed staff. JDRC participated in a staffing study that revealed a deficit of six positions based on the workload of the Court. As the County population increases this deficit will have a great impact on the judicial services JDRC will be able to provide to the citizens of Prince William County.

General Overview

- A. **FY24 Staffing Plan** – The FY2023-2027 Five-Year Plan programs four Administrative Specialist positions in FY24 at a cost of \$376,090. The additional positions will assist in managing the judge’s calendars and provide administrative support with caseload management.
- B. **Redistribution of Internal Service Fund (ISF) Technology Budget** – The County annually allocates all information technology (IT) costs to agencies through an ISF, using the approved cost basis for each technology activity. Technology activities include computer support (hardware replacement, software licenses, and helpdesk customer services), IT security, business systems support (public safety communications, financial systems, human services systems, etc.), geographic information system (GIS), web services, capital equipment replacement, messaging, cloud storage, network and infrastructure services, telecommunications, and radio. The cost basis is calculated through a formula derived from the Department of Information Technology’s (DoIT) ISF fee schedule.

For FY23, ISF costs have been revised to align and more accurately reflect overall technology activities with current department specific technology services. Costs are adjusted to reflect agency technology usage more accurately, as tracked by DoIT billing systems using the updated methodology. In FY23, the JDRC technology bill increases by \$2,624. No technology service levels are changed, and there is no impact to the technology services individual agencies currently receive. For additional information on the countywide impact and methodology of redistributing technology charges, please see the Budget Highlights section of this document.

Budget Initiatives

A. Budget Initiatives

1. Salary Supplement for JDRC State Employees – Local Support Program

Expenditure	\$300,000
Revenue	\$0
General Fund Impact	\$300,000
FTE Positions	0.00

- a. **Description** – This budget initiative provides a 15% local salary supplement for 23 JDRC state employees. During the FY22 budget process, the Courts presented during a work session the staffing challenges with retention and recruitment. It was noted that state wages had been stagnant in recent years while costs in the Northern Virginia area had risen. JDRC state employees compete for County funded positions within JDRC, as well as other County departments. During the work session, the Courts provided information on surrounding localities providing local supplements. Fairfax, Arlington, and Loudoun Counties and the City of Alexandria all provide a local salary supplement to JDRC state employees. Localities providing a local supplement are poaching trained and competent JDRC state employees. JDRC is experiencing a high turnover rate which affects the efficiency and effectiveness of the Court.
- b. **Service Level Impacts** – The local supplement will help retain current staff, as well as recruit highly qualified candidates.

Program Summary

Local Support Program

There is a JDRC in each Virginia city and county. In Virginia, a juvenile is any person under 18 years of age. The JDRC hears all matters involving juveniles such as criminal or traffic matters. Juvenile delinquency cases involve a minor under the age of 18 who has been accused of committing an offense that would be considered criminal if committed by an adult. Other juvenile offenses may be referred to as status offenses. Status offenses are those acts that are unlawful only because they are committed by a minor.

In addition, this court handles other matters involving the family, such as custody, support, and visitation. The court also hears family abuse cases, cases where adults have been accused of child abuse or neglect, and criminal cases where the defendant and alleged victim are family or household members.
